

T3600 Sections

T3600 Common Configurations

T3600 is a modular boat shaped table which allows 360 degree seating when a bridge is not utilized. It features islands for accommodating your electronics, power grommets/cubby's custom cutouts. Islands can be replaced as your technology changes. Available in many configurations to suit your room size. Optional cable bridge is included with section 36RR to pass all wiring through the table and avoid core drilling.

Standard Features

- Seats 9 people or 7 with bridge
- Islands for accommodating electronics/grommets
- Large base with access panels for cable routing and device storage/mounting
- 31" cable bridge (different lengths available) with section 36RR only
- 10U drop-in basic rack with locking access doors with section 36RR only
- Highly resistant thermowrap surface in many finishes
